

NASH SPEAKS ON
LIFE INVESTMENTBIG CROWD HEARS "Y" WORKER
LAST NIGHT.

RECEPTION AT CHURCH

Meeting was part of two days Life-
Work Conference—Dr. Foster Al-
so Speaks.

Vernon Nash, publicity and foreign work secretary of the Y. M. C. A. at Kansas City, was the principal speaker at a meeting held at the First Methodist church last night as a part of the two days life work conference session in the interest of the Inter-church World movement. Dr. Allan Foster of Brooklyn, N. Y. followed. Mr. Nash with an address on "The New Evangelism."

A general reception for Mr. Nash and Dr. Foster and Miss Lucy Riggs, state executive secretary of the Y. M. C. A., who is also attending the conference, was held after the meeting. A big crowd was present. Mr. Nash is personally known here through his work as city editor of the Democrat-Forum about four years ago. He won a Cecil Rhodes scholarship and left here to go abroad for the three years course. When war was declared Mr. Nash entered "Y" work and spent the remainder of the time at work in England, Europe and Africa, returning to the states last summer.

The closing session of this conference was held this morning at the State Teachers college conducted by Dr. Foster and Miss Riggs. Dr. Foster spoke upon the subject "The Old Gospel."

The story of Gurmurthi, a young Brahmin of India, was told by Mr. Nash last night at the First Methodist church in the opening of his address on "Hedging on the Bet." The Brahmin is the most exalted personage in that great country of three hundred millions, being a member of the top caste in a system of two thousand separate castes. Gurmurthi was not only a Brahmin but wealthy yet gave everything up on taking a public stand for Christ.

Nash appealed for a similar willingness to sacrifice everything for the sake of the Kingdom of God on the part of American Christians. He urged that the cross which Christ calls upon every follower to accept is to get under a sense of personal responsibility for the condition in which the world is today, as Dr. Foster had said "a world in ruins."

"Once under the sense of responsibility," said Mr. Nash, "it does not matter a straw to me whether you work across the street or across the Pacific. The need and the opportunity is the same. Neither does it matter to me in what line of work one may be. God sends only one call to every man. I do not believe in special calls. That one and only call to every man in the world is that he shall invest his life where it will mean the most for the extension of the Kingdom of God."

"The greatest crime any man can commit is to get into some line of work which he does not like and to which he is not suited merely from a mistaken sense of duty. God does not expect it. He asks every man to use his own judgment, followed his highest inclinations in the selection of a life-work, and then having chosen that work, to make it mean all it possibly can mean for the answering of the universal prayer 'Thy Kingdom Come'."

"When Christ said 'Seek ye first the kingdom of God' he was not saying something equivalent to 'Buy your tickets before getting on the train.' Taking a stand for Jesus Christ is not an application for an Eternal life in-

urance policy. The newer translations are better when they say 'Make the Kingdom of God the foremost consideration in your lives.'"

Mr. Nash then told what was taking him out to non-Christian lands as a missionary. It was that so small a per cent of young people even profess Christ, so few of these are in any genuine sense consecrated, and then of that small per cent of a small per cent only a few are able to go either from health, family responsibility, educational training or from some other causes. Looking at that situation, Mr. Nash said, he was unable to escape the logic of a great missionary Keith-Falconer when he said:

"While vast continents are shrouded in almost utter darkness and hundreds of millions continue to know the horrors of heathenism it is up to every young man and woman to prove that the circumstances in which they are placed were meant by God to keep them out of the foreign field." If one can go, he doesn't need a special call to go; he must have a call to stay; there will be a plenty to do the work at home out of those who are not able to go overseas.

He quoted Donald Hankey, an English student killed in the war, who said: "Christianity is simply betting one's life that there is a God." That, Mr. Nash submitted, was the bet which every person laid when he professed Christ. Then we all go out and hedge on the bet. We say we follow the Lord who called: "He that would save his life must lose it" and then go out and make sure that nothing which the world has to offer in wealth, fame and comforts escape us. Mr. Nash asked in the language of Billy Sunday where his audience thought that they could "get by God with such a proposition as that." "Be not deceived; God is not mocked." "You can't make fun of God and get away with it."

Following Mr. Nash's address, Dr. Allan Foster spoke on the "New Evangelism" which he said was merely the "old Gospel." But with this fundamental difference from its former presentation: The churches are rapidly getting away from the old method of insisting that their statement of the gospel truth is the only correct statement. Taking the "democratic Bible" as it stands, said Dr. Foster, who is a Baptist pastor in Brooklyn, and living after the message it contains as each individual Christian chooses to interpret and express it, is sufficient to meet all the needs of the world.

Mr. Nash left this morning for Kansas City by way of Richmond where he will speak tonight at a Father and Son banquet of all the churches similar to the one which is to be held tonight in Maryville at the First M. E. church. Mr. Nash expects to receive an appointment to some non-Christian land under the Foreign department of the International committee of the Y. M. C. A. He said today that the personal attraction for China was very great, particularly as a younger brother sailed for China the first of this month to become physical director of the Southern Methodist university at Soochow. Dr. Foster and Miss Lucy Riggs left this afternoon for Oklahoma.

FRATERNAL ORGANIZATION.

LUNCHEONS OPEN TO ALL

Any Member is Welcome to these
Weekly Affairs—Attendance Doubled
During Past Year.

The Chamber of Commerce is putting into practice a new plan, that of issuing membership cards, to all members upon the payment of dues. As this plan was inaugurated at the last meeting of the board of directors, only members whose 1920 dues are paid up are included.

The cards are similar to the fraternal cards issued by many organizations as traveling cards and in addition to the benefits which may be derived from the cards by a member when away from home, it is a constant reminder of the fact that the holder is a member of a permanent organization having for its object the betterment of the community in which he lives.

A personal letter accompanies each card in which is emphasized some of the fundamentals in the work for the chamber and that the only reason for a large organization such as this is, to serve.

The regular Monday evening luncheons have proved a splendid thing for the Chamber of Commerce and the attendance at these luncheons has been more than doubled during the past year. These luncheons are open to every one. Luncheon is served at 6:30 and as soon as the meal is over the crowd goes to the Chamber of Commerce rooms where the routine business is transacted and afterwards matters of community interest are discussed.

NO HOUND DOG RACE
ON ACCOUNT OF LAW?AT LEAST CARMICHAEL SAYS HE
WOULD BE LIABLE TO ARREST.

REPLY OF HEIFNER-BROWN

Public is Wondering Whether These
Gentlemen have Dogs that will run
at all—Much Windblowing by
Maryville Men.

Hopkins, Mo., Feb. 17, 1920.

Editor Journal:

I am afraid the hound talk is getting tiresome so I want to make just one more statement and let it go at that.

I have a fast running hound and when the Edina man offered to run 'dog for dog, I took him up in friendly way without thinking of betting money.

I still think I have some hound, so went to Maryville this week and consulted three different lawyers who said if I should accept the challenge of the Maryville men and run the hounds for money, we would all be liable to arrest and prosecution for gambling, and I am not looking for trouble of this kind.

I want to say that if the Maryville men will get a written assurance from Prosecuting Attorney McCaffrey that prosecution will not follow in case the race is made for money, I will then talk turkey. Get the county attorney's permission, and you will find \$500 ready to be posted for I have a hound that the Maryville hounds cannot keep in sight of.

Very respectfully,
MARTIN CARMICHAEL.

Editor Democrat-Forum:

We want to apologize to you and your sporting readers for the valuable space and time which we have taken in working you up to a pitch of real sport and then have it all knocked in the head by friend Carmichael getting cold feet and taking to the woods by calling off the race unless we get the governor to call a special session of the legislature and repeal the laws on gambling before he would consent to go further in proving he had the fastest hound dog in the state. He asks us to get the written consent of our honorable prosecuting attorney to suspend the operation of the gambling laws, before he will further consider. This shows that Mart has very poor sporting blood. What would his months in jail be to a real fox chase anyway? What we were thinking about was winning Mart's money and let the law take its course. How does Mart know but what some fox hunter might serve on the jury and then what would it be gambling, or would it be a peacock feather for the winner?

We are sorry that Mr. Carmichael had to consult three good lawyers before he could get the facts and that all three of them told him the same thing. An unusual thing to get there of the students of Blackstone to agree on a certain fact, and we presume Mart paid a retainer fee, in each case.

We could not ask our honorable prosecuting attorney to suspend the laws on gambling, to show Mr. Carmichael that he is nothing more than a swashbuckler for we were told he gambling that we could never get a race out of him and we are convinced that if we could get a special dispensation from any punishment of the law, Mart would have to consult his church as to what would become of him, in his future state, and by the time we got all of these things fixed up he would have some other fundamental excuse, so we want to say to those blooded sports who expected to feast at Mart's expense there is nothing doing along that line, but if you will come to Maryville we will show you the prettiest wolf or fox chase you ever heard and we politely invite Mr. Carmichael to bring his dogs along and if ours cannot run with his we presume he will not have any objection to them running behind.

And we ask of his as a kind favor, one in the interest of humanity, before he again undertakes to cause us the loss of sleep or subject us to a nervous break down, we wish he would consult his attorneys, and find out whether he is liable to land in jail and get all his friends incarcerated along with him, before he issues his challenges.

The public cannot stand many more such brain storms as they have been

Thousands of Women

Owe Their Health To

Lydia E. Pinkham's Vegetable Compound—overshadowing indeed is the success of this great medicine. Compared with it, all other medicines for women's ills seem to be experiments.

Why is it so successful? Simply because of its sterling worth. For over forty years it has had no equal. Women for two generations have depended upon it with confidence.

Thousands of Their Letters are on our files, which prove these statements to be facts, not mere boasting.

Here Are Two Sample Letters:

Mother and Daughter Helped.

Middleburg, Pa.—"I am glad to state that Lydia E. Pinkham's Vegetable Compound did me much good when I was 35 years old. I was run down with female trouble and was not able to do anything, could not walk for a year and could not work. I had treatment from a physician but did not gain. I read in the papers and books about Lydia E. Pinkham's Vegetable Compound and decided to try it. The first few bottles gave me relief and I kept on using it until I got better and was able to do my work. The Vegetable Compound also regulated my daughter when she was 15 years old. I can recommend Vegetable Compound as the best medicine I have ever used."—Mrs. W. YENGER, R. 3, Box 21, Middleburg, Pa.

Fall River, Mass.—"Three years ago I gave birth to a little girl and after she was born I did not pick up well. I doctored for two months and my condition remained the same. One day one of your little books was left at my door and my husband suggested that I try a bottle of Lydia E. Pinkham's Vegetable Compound. I started it immediately and I felt better and could eat better after the first bottle, and I continued taking it for some time. Last year I gave birth to a baby boy and had a much easier time as I took the Vegetable Compound for four months before baby came. On getting up I had no pains like I had before, and no dizziness, and in two weeks felt about as well as ever."—Mrs. THOMAS WILKINSON, 353 Columbia Street, Fall River, Mass.

FLAG BOUGHT FOR EACH SOLDIER'S GRAVE ABROAD

Washington, D. C.—More than \$5,000 small flags have been purchased by the War Department to serve for the decoration of the individual graves of American soldiers who lie buried in Europe. In addition, 89 flags of large size, and 350 lesser ones have been ordered for the various cemeteries for these American dead.

It is announced that these flags will be forwarded to Europe for display beginning next memorial day. The graves of the soldiers in France and elsewhere in Europe are rapidly being marked and decorated and the cemeteries are being brought to a high state of perfection. The War Department still has a large force of men in France beautifying the graves of soldiers.

Few Drops of "Freezone," Then Lift Corn Right Off

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug!

LIST ERRORS WOMEN MAKE IN BUSINESS LIFE.

Chicago.—Here are the main errors women make in every day business life given by Mrs. Irving L. Stern, head of the women's division of the Federal Securities Corporation:

Neglecting to get receipts when bills are paid in cash.

Neglecting to keep such receipt readily accessible.

Inability to keep check books balanced.

Carless handling of valuable business papers.

Affixing signatures to documents without proper understanding of their full contents.

Tendency to live beyond current income.

Failure to conserve income and to save consistently lessen hope of comfortable old age.

Tendency to invest money on dangerous hearsay without proper knowledge of facts.

Failure to encourage the habit of thrift partially started during war conditions.

Glycerine Mixture Surprises Maryville

The quick action of simple glycerine, buckthorn bark, etc., as mixed in Adler-ika, is surprising. One spoonful relieves ANY CASE gas on stomach or sour stomach. Adler-ika acts on BOTH upper and lower bowel and removes all foul accumulated matter which poisoned stomach. Often CURES constipation. Prevents appendicitis. One lady reports she has no more pain in back of head or gas on stomach since using Adler-ika. Koch Pharmacy, Maryville, Mo. ADV.

A Human Organization

There's romance in banking—both for the bank and for its customers. A romance born of personal service—because a bank has nothing to sell but the service of its organization, and because that organization is composed of "regular folks."

It has always been the aim of this bank to make the relations between its "folks" and the "folks" that come to it the most personal and intimate.

It is our aim to make everyone from the smallest child to the oldest resident feel perfectly "at home" in our bank and perfectly well acquainted with our "folks."

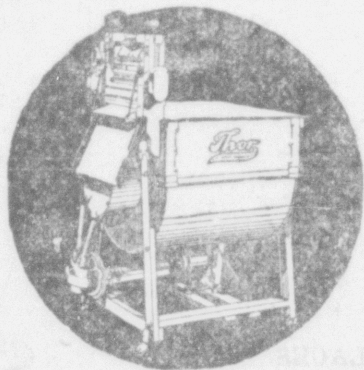

We want them to feel free to talk over any matter of business with any officer or employee of the bank with the assurance that they will have that person's best service as well as the service of the entire organization.

Is Housework "Drudgery"

Do you "just dread" blue Mondays, sweeping days and baking days,

If your home is electrically equipped YOU DON'T.

It's really fun to work with good electrical appliances, and especially when the results are so gratifying and there is so much saving in addition to taking the drudgery out of it.

With the Electric Washer you can do your own washing, or merely have help for an hour in the morning, because it will all be done and hung up in that time.

With the Electric Range you will have more time and no dirt and muss or bother with fires and fuel. And you will be surprised at the results you can get by having perfectly regulated heat.

Other electrical appliances, like the Vacuum Sweeper, Sewing Machine, Iron, Grill, etc., make your work pleasant and make it easy to do it extra well.

would you pay \$4.20 for a library of 300 worth-while books?

That's the volume of interesting reading matter that comes into your home with a year's subscription to a REAL metropolitan daily newspaper—THE ST. JOSEPH NEWS-PRESS.

The illustration above compares the bound files of THE NEWS-PRESS for last year with a copy of Webster's International Dictionary. The files weigh 32 pounds, the dictionary 14 pounds. The dictionary defines 400,000 words, THE NEWS-PRESS printed more than 50 times that many words.

The greatest bargain in literary history is a large daily newspaper—THE ST. JOSEPH NEWS-PRESS. You cannot afford to be without it if you live in NEWS-PRESS territory.

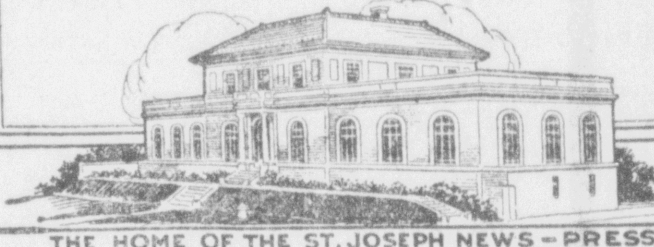

It would take 15 complete sets of Shakespeare's works, nearly 30 Bibles, more than 200 "Uncle Tom's Cabins" to equal the volume of THE NEWS-PRESS for one year.

Yet this vast amount of reading matter (coming every week day) costs only \$4.20 a year—about 1 1/2 cents a day. No greater return for your money.

FIVE TYPES OF AUTOMOBILES, WHERE NAMES ORIGINATED

Sedan is the Oldest Term Applied to a Vehicle of Transportation.

There are many styles and types of automobiles in use today, but probably the five best known and most popular in the United States are the coupe, the sedan, the limousine, the touring car and the roadster. The first three names are French in their origin, and the last two are English.

The word coupe was applied originally to a four wheeled closed carriage for two persons inside, with an outside seat for the driver. It is derived from the French word meaning 'to cut'

and is so called because it gave the appearance of large carriage cut in half. The word was later taken over and applied to the present enclosed car with one seat in the rear, a driver's seat, and an auxiliary seat.

The word sedan probably is one of the oldest terms applied to a vehicle for transportation. It was used for the first time in France and takes its origin from the French city of that name. This name takes on a peculiar significance now when it is remembered that the sensational advance of Pershing's fighters reached Sedan when the armistice was signed. The first sedans were portable enclosed chairs carried on poles by two men. They were extremely popular in England, and still

are used in China, Austria and India. The modern sedan has an enclosed body and accommodates seven passengers. Because of the single enclosed compartment, it is popularly known as the all season, all purpose family car.

Limousine was originally the name of a cloak worn in France and probably originated from Limousin, the name of an old province in Central France. Today it is applied to the chauffeur driven car with an enclosed compartment. The drivers seat is outside, but covered by a roof.

Roadster was first applied to vessels that worked their way by means of the tides. Later it was used for bicycles. The modern roadster has an open body and was designed primarily for

two persons, but of recent years the four door roadster, accommodating four passengers, has met with popular favor. The touring, which is the most familiar type of car, takes its name from the fact that it is used by motorists on lengthy tours. It is an open car also, with a tonneau and four doors seating seven passengers.

Do You Know What Tires Are Best?

That few people know the difference between tires is proved by the fact that you often see three or four different tires on the same car.

But we DO know something about GOODRICH and FIRESTONE TIRES.

These factories are continually enlarging their capacity. They cannot make tires fast enough. That's a good recommendation. They control most of the raw material that goes into their products, thereby guaranteeing uniformity and quality in every tire.

Considering these facts, and the size and reputation of the firms back of them, we have no hesitancy in selling and recommending these tires—both cords and fabrics.

KRAMER'S
Double Fabric Construction
Re-built Tires

Will save you many tire dollars because they are so well made as to give from 75 per cent to 100 per cent of the mileage of new tires at 50 per cent of the cost.

They are nearly twice as thick as new tires.

INCOME TAX PAYMENTS.

"Cash payments of income taxes should not be sent by mail," says Collector of Internal Revenue Geo. F. Crutchley.

"Cash sent by mail is always at the owner's risk of loss, and if lost or stolen, the sender may find himself facing penalties for failure to pay his tax on time.

"A taxpayer will find it more practical to purchase a post office money

order or draw a check for the amount of the tax, payable to Collector of Internal Revenue, Geo. F. Crutchley.

"The first payment, due on or before March 15, should be attached securely to the completed return, and forwarded or delivered to my office at Kansas City, Missouri. This first payment must cover either the entire tax shown due or at least one fourth of the tax due.

"Early payments and early filing of

returns is urged in order that an overload on the first date, March 15, may be avoided.

A Case of Good Judgment.

IT'S good judgment to have a garden of your own and enjoy crisp, fresh vegetables. Let Northrup, King & Co.'s Seed Case help you plan it early so that you can sow as soon as the soil is in good condition. The tier after tier of packets with illustrations in true colors help you decide the varieties you want. Cultural directions are printed on each packet.

Each standard size packet is 5c this year—one of the few things a nickel will still buy.

Lowering the price has in no way affected the quality. Northrup, King & Co.'s seeds are bred for hardness, productiveness and fine flavor. They are accurately tested for purity and germination and are adapted to the climatic conditions of your locality.

For the best assurance of a good garden select your vegetable and flower seeds from The Northrup, King & Co. Seed Case displayed by dealers near you.

NO DOG RACE

Yours truly,
HOMER N. BROWN
J. J. HELPFER

The horse editor of the Democrat-Forum had his sweet tooth ready for the feast and must express our indignation in not being able to participate with the rest of the Nodaway sports in enjoying the feast. It makes us doubt if we have not been contributing our valuable space to work up to a place where we are now expected to get a great fall. Have these gentlemen dogs that will run at all, is a universal question being asked by every one and has not all this windmilling been participated in by a patient public who has reasons now to doubt the sincerity of all parties. And would not the public be willing to help pay these fines if they could be relieved of the double as to whether these dogs would really run a horse race instead of doing the wonderful feats as been advertised in these columns. We are from Missouri, gentlemen.

MARYVILLE DRUG CO.
N. W. Corner square.

I have been reading clippings taken from your paper and from a Maryville paper regarding running hounds. Hopkins and Maryville evidently thinking they have speedy ones, but if you are from Missouri and will have to be showed.

I do not live in Missouri but have some fast North Dakota hounds that I am willing to bring to Missouri and run against either the Maryville or Hopkins hounds.

You fellows seem to be afraid of each other so why not take me on. I have three hounds and I think either of them can win over either of your fastest ones. Anyway, if you are interested, let me know and I will try to take you on, feeling that I have three big lovely ages in the three hounds now in my possession.

I have seen comments in several papers regarding the Maryville and Hopkins hounds and there should be a race now that so much interest is being manifested—even way up here in the Dakotas.

Yours for sport,
LESLIE S. WHITE.

WINDOWS.

Our eyes are the windows to our soul. Incompetent people handling the shades are liable to pull them down wrong and they will never rise. Then we will have to grope in darkness the rest of our lives. When our eyesight begins to fail. Stop and think of this. Many people have gone blind by wearing cheap unfitted glasses. Thirty five per cent of the people are born with deficient eyes and no one has a normal eye above the age of 40. Good glasses, properly fitted to the best remedy in the world for eyesight. Mrs. Bowner Sells Farm.

A deal was made this week by Sam Robbins whereby the 31 acre farm of Mrs. J. L. Bowner, at the southeast edge of Hopkins, passed into the hands of Doug Taylor, the price paid being \$25,000 or about \$285 an acre. Possession will be given the first of March. Arch Martin, who occupies the place, closed a closing sale, Feb. 27, and he and his wife will go west for the benefit of the baby who suffers with asthma.—Hopkins Journal.

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine
Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets costs few cents. Aspirin is trade mark of Bayer Manufacture of Monacole-quadester of Salicylic acid.

Insist on that for any office, but would like to be a delegate at large to the national convention from Indiana.

Washington, Feb. 19.—Senator Alton Pomerene put an end yesterday to speculation as to the outcome of the Democratic factional fight in Ohio between Gov. James M. Cox and himself for endorsement as presidential nominee by withdrawing from the contest. The senator declared he could not do his full duty and at the same time give time and energies to a campaign for the presidency.

With Senator Pomerene out of the contest Governor Cox will have a walk-over in Ohio. The Democratic leaders in Kentucky already have put their "O. K." on his candidacy.

St. Louis, Feb. 19.—Third party backers will go into the coming presidential campaign confident of defeating the old political organizations if a potential presidential prospect can be brought forward at the national convention of liberals in Chicago, July 3. Sheridan Carlisle, manager of the National People's League of Missouri, declared tonight.

Carlisle, addressing a meeting of the National People's League, declared Senator Robert M. La Follette of Wisconsin is favored by the liberals as candidate.

Gainesville, Tex., Feb. 19.—The 1920 political campaign in Texas was opened here yesterday with formal announcement of his candidacy for governor on the Democratic ticket by Ex-Senator Joseph Bailey. At the same time Ex-Congressman R. L. Henry of Waco, in a telegram to Senator Bailey, announced his withdrawal from the gubernatorial race in Bailey's favor.

That Dull Aching.

Kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor! Read this statement Mrs. Hattie Hogue, 121 Hester St., Maryville, says: "For several years I had trouble with my back and kidneys. A dull ache settled across my back and when I tried to bend or lift, I got a sharp catch in my back. My kidneys acted irregularly and caused me a lot of annoyance. Doan's Kidney Pills gave very fine benefit at once and continued use brought lasting results. It has been some time now since I have needed such medicine."

Price 60c, all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hogue had. Foster-McBirn Co., Manufacturers, Buffalo, N. Y.
